DESCRIPTION

With the Eminent EM4542 wLINK 300 Wireless N Router you can share your Internet connection at high speed (up to 300 Mbps). This powerful Wireless N router with 2 antennas will increase your wireless range significantly! Connect multiple users, wireless or wired! Enjoy the speed of a wireless network and share your Internet connection easily. Thanks to the blazing speed, the wLINK 300 Wireless Router is perfectly for playing online games and distributing videos, music and photos.

Use the unique installation wizard on the enclosed CD-rom to install the wLINK 300 Wireless Router for your Internet connection fast and easy. You can also use this wizard to setup your wireless network and security (WEP, WPA, WPA2).

Advanced network users should know that the Eminent wLINK 300 has many additional features. Use the WDS or Wireless bridge features to expand your wireless signal. Thanks to the fast processor and QOS with Traffic Monitoring per IP, Protocol or Port your internet connection will always be as fast as possible.

Extra SSIDs can be added and isolated if needed. This allows you to quickly set up a secondary wireless network for guest users. This is an ideal solution for business locations that need to keep clients separated from the company network.

The Eminent EM4542 wLINK 300 Wireless N Router is backwards compatible with 54Mbps and 11Mbps devices, so you can still use your existing wireless network adapter to connect. To gain maximum wireless speed and range we advise you to use an Eminent 300Mbps network adapter.
